

MIDWEST LAND GROUP PRESENTS

80 ACRES IN

FAYETTE COUNTY ILLINOIS

MidwestLandGroup.com

MIDWEST LAND GROUP IS HONORED TO PRESENT

INCOME-PRODUCING MIXED FARM

Located northwest of St. Elmo, Illinois sits this exceptional 80 +/- acre income-producing property. With this tract you will have income and recreational use with a great location and easy access.

Arriving at the property you will see nearly 34 +/- acres of tillable acreage that consists of Bluford Silt, Darmstadt Silt, and Wynoose Silt Loam(s). The tillable acreage holds a 100.7 productivity index. You will also find two oil rigs that are still in production that generate additional income with the rights transferring upon the sale.

The remaining balance of this farm is in timber, ridge tops, and wet weather creeks. The timber has some marketable value, mainly consisting of white oaks. As you navigate through the timber on the trail system, it doesn't take long to get excited about the layout and how well this tract will hunt. Whether you are looking for a great farm to chase those Illinois whitetails in the fall or watch the woods wake up in the spring as you pursue the eastern turkeys, this farm is for you. Top it off with two sources of income, this tract won't be on the market long. Don't wait, contact Michael Young to set up your private showing at (618) 917-1665.

PROPERTY FEATURES

PRICE: **\$502,950** | COUNTY: **FAYETTE** | STATE: **ILLINOIS** | ACRES: **80**

- 80 +/- acres
- 34 +/- acres tillable

AGENT CONTACT

Michael Young is such an outdoors enthusiast, he has a personal motto: "I leave the land better than when I arrived." With many years of experience hunting, developing and managing properties, Michael's passion runs deep - improving habitat, food sources, timber stand and overall appearances. His knowledge of TSI and CRP programs, planting fruit trees, prescribed burns, food plots, row crops, watering holes, and establishing trails for access make him truly one of a kind. He's handled and implemented management goals for farms of hundreds of acres for year-round growth for wildlife and habitat, and brings that experience to every transaction he handles.

Born in Alton, Illinois, Michael graduated from East Alton - Wood River Community High School and attended Lewis and Clark Community College. He was in law enforcement for several years, serving as cadet, dispatch, canine handler and patrolman. Throughout his tenure, Michael developed a keen ability to problem solve and, thus, received life-saving and acts-of-service awards for his service to the community. Each of these skills he maintains to this day at Midwest Land Group, all while maintaining professionalism and effective communication, and continues to earn the trust of his clients.

Michael knows there's something special about owning land, no matter the size. Clients come to him to buy or sell recreational, hunting, investment, and livelihood properties because they know he's devoted to achieving their goals. Outside of work, if Michael's not hunting, fishing, hiking, kayaking, traveling, or managing land, he's spending time with his fiancé, Donia, helping coach his son Hunter's baseball team and following his daughter Haylee's competitive dance adventures.
