MIDWEST LAND GROUP IS HONORED TO PRESENT

## HANNSZ ACRES - TRACT 2

---

Midwest Land Group is proud to offer Hannsz Acres. Located east of Orrick, Missouri each of these tracts offers multiple build sites, hobby farm use, vast landscape views, and recreation use including hunting, fishing, riding, and exploring the outdoors. Tract 2 would be a stunning build site with excellent access from Highway 210. What I like most about this tract is although it has 210 access, it lays to where you could build nearly out of sight and be far from the highway. Predominantly open grassland, but with the gently rolling topography this is one of the best build sites in the entire development. Tract 2 has a creek crossing in place and a handful of mature hardwood trees. The tract is partially fenced on the south side. Although it is mostly grass, wildlife sign is still abundant including

multiple deer tracks and trails throughout. Recreation use would include hunting, fishing, and exploring in the creek, UTV or ATV trail riding, or simply enjoying time in the outdoors. Hannsz Acres is located outside city limits in Ray County, Missouri and within the growing Orrick School District, 3 miles outside of town. This is an opportunity to invest in a piece of land on the outskirts of town, begin to enjoy it with family and friends and build when you are ready with no timeframe restrictions or building requirements. Utilities are available including public water and electricity at the road alongside the property, with easy access less than ¼ mile off Highway 210, and 30 minutes to downtown Kansas City. For additional information and to schedule a showing of the entire property please contact Land Broker Will Wiest.
