MIDWEST LAND GROUP IS HONORED TO PRESENT

COMPLETELY REMODELED HOME, BIG FISHING POND, AND GREAT HUNTING

Here is a perfect opportunity on perhaps the most move-in-ready home in the country I've had the privilege to sell in years! A completely remodeled 2,600 +/- square foot home, with all the right finishing touches. Everything from the kitchen, the bathrooms, all bedrooms, and living spaces have been remodeled to perfection. Beautiful open living spaces, a grand kitchen, and plenty of space for a big family with lots of guests. 4 bedrooms and 2 full bathrooms, with an eat-in kitchen area, a large living room, and an oversized bonus room that could be used in lots of ways. A nice 2 car garage, a big spacious driveway area for plenty of parking, and an extra shed building for storage. There is plenty of room to build the shop of your dreams as well. 18 +/- acres to include a truly spectacular 4 acre pond that's full of healthy bass, catfish, and bluegill. The landowner and

his family have caught several bass in the 4-6lb range in this body of water. It's a fisherman's dream and makes for incredible sunset views looking over the water from the house in the evenings. Little Gus Creek winds the northern boundary of the farm and provides substantial cover and habitat for wildlife where big deer, turkey, and quail abound. The farm boasts some very nice looking hay ground outside of the fenced area around the home, as well as a nice walnut grove along the creek that's a great food plot location for hunting as well. Only 15 minutes from Garnett, and just over an hour from the KC metro this location is spectacular, it's quiet country living at its finest, with a super nice move-in-ready house on a beautiful piece of land, with a big pond you simply cannot find on most properties.
