MIDWEST LAND GROUP IS HONORED TO PRESENT

# HUNTING WITH INCOME IN DECATUR COUNTY

Midwest Land Group is proud to present 75 +/- acres located south of Grand River in Decatur County, Iowa. It is a beautiful combination farm that has access from both the south and east. Approximately 33 +/- acres are currently in row crop with an average CSR2 of 40 and 9 +/- of those acres are above 62 CSR2. Several large draws make up the rest of the farm with a mix of oak, grasses, and cedar making for great wildlife habitat. This part of Decatur county is well known for producing giant whitetails. For the hunter, this farm is a blank slate

to design to your liking. The topography creates some ideal locations to place food plots while being secluded from the road. There are multiple ponds and a good pocket of marketable walnut and white oak timber in the west draw. Also, multiple build locations that offer fantastic views! If your looking for an income producing hunting farm in south central Iowa reach out to Land Agent Patrick Cutter for more information or to set up your private showing!
