OVERVIEW MAP

AGENT CONTACT

Midwest Land Group Agent, Bobby Oberlander, grew up in Owensville, Missouri and now calls Kansas City North home. He has been an avid hunter, fisherman and outdoorsman for nearly three decades. His father taught him how to shoot at the age of four, and later he joined his schools' competitive pistol and rifle teams, winning state and national honors. After attending Missouri State University in Springfield, Missouri, Bobby served his local community as a law enforcement officer before becoming a federal corrections officer. When he was offered an opportunity to manage a four-state territory for an automotive company, he took it. "I drove a lot of miles across acres of Missouri, Iowa, Nebraska and Kansas. I wondered who owned the land, what they used it for and how long it had been in someone's family," said Bobby. He decided to get off the road to help people reach their goal of land ownership and help them gain the most value when it comes time to sell.

Bobby's appreciation for the outdoors, solid work ethic and uncompromising professionalism were key factors in our offering him a position on Midwest Land Group's Team. Bobby knew he wanted to work for a reputable company, and he found that in Midwest Land Group. Joining our team was an easy choice for him after hearing great things from a family member about working with one of our agents. He has traveled, worked, and lived in several parts of Missouri, which makes him very familiar with the landscape. If you're looking for a particular type of land, chances are Bobby can lead you straight to it.

When he's not out working with clients, he is bow hunting whitetails in the fall, fishing in spring and camping in summer with his family. Bobby is involved in the National Wild Turkey Federation (NWTf), Quality Deer Management Association (QDMA) and Boy Scouts of America. Hunting, fishing, law enforcement and long road trips have given him the skills you look for in a land agent like patience, calmness, listening, attention to details, communication and reliability. Give Bobby a call today and talk about your land needs.
