MIDWEST LAND GROUP IS HONORED TO PRESENT

MOUNTAINTOP LIVING WITH BEAUTIFUL VIEWS, RECREATION, & FARMHOUSE CHARM

Perched high in the Ozarks within the community of Mount Judea, this mountaintop home offers 14.2 +/- acres of mostly lush hillside pasture with breathtaking eastern and northern views overlooking the Gene Rush Wildlife Management Area. Step out of your sliding kitchen door onto the back deck and watch the sun rise over the valley - an unbeatable way to start the day.

Bordering the Wildlife Management Area along the north side, this property presents excellent opportunities for hunting, hiking, and exploring right from your own backyard. With its gently rolling terrain and open pasture, it would make an incredible hobby farm or a small grazing operation for horses or cattle.

The home itself offers approximately 1,700 +/- square feet of thoughtfully designed living space, featuring an open-concept living and dining area that flows into a step-down kitchen. Recent updates throughout the home lend it an inviting farmhouse feel.

There are three bedrooms, one full bath, and two half baths - each of the two larger bedrooms has its own private half bath. The property also features paved road frontage and several potential building sites, each offering views as stunning as those from the main home.

A shop provides plenty of room for a workspace or additional storage, and a concrete pad just northeast of the home is ideal for adding another structure, perfect for equipment storage or a future outbuilding.

Located near some of Arkansas' most beautiful recreational areas, you'll be just a short drive from Carver and Hasty access points on the Buffalo River. Plus, Highway 7 and the Arkansas Grand Canyon are nearby, making this an ideal location for those who love the outdoors and rural living!
