Situated on 13 +/- beautifully maintained acres in Plymouth County, Iowa, this fully updated 3,100 + square foot home and shop offers the perfect blend of rural tranquility and modern convenience. Just a short 30 minutes from Sioux City and 25 minutes from Le Mars, this acreage is ideal for those seeking ample space, functionality, and move-in-ready living. The home features a long list of recent upgrades, including a brand-new well, septic system, and a full-yard sprinkler system. Inside, you'll find all new appliances that stay with the property (excluding those in the garage), high-end custom knotty alder trim, doors, and cabinets. The large pool and hot tub were installed just 7 months ago.

The property is also equipped with a 1,000-gallon propane tank, reliable internet service through Westel,

electricity from Northwest REC, and is located within the Kingsley-Pierson School District. With panel fencing enclosing the pasture and paved road frontage, the land is both functional and accessible for livestock, income, or business expansion. The average utilities across the home and shop are just \$300/month.

Another standout feature of this property is the newly finished 9,000 square foot shop. It's fully spray-foamed and includes a finished office and bathroom with in-floor heat. The shop is outfitted with overhead doors and openers, new sound-dampening sidewall steel, heating and A/C throughout, brand-new electrical, LED lighting inside and out, and a dedicated welder plug. # AGENT CONTACT

Jordan Petersen is the type of agent who lives by the philosophy that you've got to show up to get things done and get things done right. An avid outdoorsman and whitetail enthusiast, Jordan has a passion for land that shines through from the minute you meet him. Whether it be productive farmland or a hunting hideaway, his love for the outdoors allows him to easily connect with both buyers and sellers. Born in Cherokee, Iowa, Jordan went to MMC high school in Marcus, Iowa, and Iowa Central Community College (ICCC) in Fort Dodge. After college, Jordan went to work in the wind industry for Allete (formerly AES) as a wind turbine technician, which allowed him to be outdoors, but didn't let him engage in it the way he desired. Now, this driven agent calls Midwest Land Group home, where he's able to combine his knowledge of natural resources and business with his love for the land.

When not working, you can find Jordan spending time with his friends and family, hunting anything from whitetail and pheasant to elk and mule deer, fishing farm ponds and rivers, shed hunting, managing land, and serving as an assistant leader for his church youth group. If you're in the market for a trusted land agent, contact Jordan. He'll show up and get things done right, ensuring you enjoy a wonderful, stress-free experience.
