# AGENT CONTACT

Heath's passion for land was shaped by his upbringing in a farming community in Caraway, Arkansas, where he learned the importance of hard work and developed a love for nature from his family, who farmed cotton, corn, and wheat. His connection to the land grew through outdoor experiences with his great-grandfather and grandfather, spending time hunting and fishing along the St. Francis River. Those early experiences fostered a deep respect for land stewardship, which continues to guide him today.

With a degree in Agri-Business from Arkansas State University, Heath combines academic expertise with a personal commitment to the outdoors. He's not only owned and improved multiple properties for wildlife and recreation but also successfully bought and sold many properties, giving him firsthand knowledge of real estate processes and challenges.

Leveraging over 20 years of professional experience in income tax preparation, Heath excels in forming strong connections, truly listening to clients, and helping them navigate the complexities of real estate transactions. His problem-solving skills and deep understanding of land values make him a trusted partner for anyone looking to buy or sell land in Arkansas.
