# 170 +/- ACRE FARM & HUNTING ON BIG CABIN CREEK

---

Located just 4 miles southwest of Welch, Oklahoma, this exceptional 170 +/- acre tract in Craig County offers the ideal blend of income-producing farmland, recreational hunting, and homesite potential. A rare find in today's market. The property features 78.64 acres of mature timber, complete with a wet-weather creek that winds through the center and merges with Big Cabin Creek at the southeast corner. This scenic waterway provides over 420 feet of creek frontage and access to both sides, creating a picturesque setting for wildlife and outdoor enjoyment.

Flanking the timber are two large tillable fields totaling 80.61 acres, made up of high-quality Class 3w or better silt loam soils, with gentle 1–3% slopes. These fields are currently used for rotational crops like winter wheat and soybeans, offering dependable income and strong

# AGENT CONTACT

A seventh generation native to the Southeast Kansas and Northeast Oklahoma region, Zed's roots are strong and deep. Growing up in KS/OK has led him to develop a love for hunting, the outdoors and all that it offers; it has also given Zed a perspective that cannot be taught in schools. Blessed with a wife and four wonderful children, Zed is keeping the tradition of raising his family here. Zed can relate to local landowners and understands the sentimental value land can hold. He can help make the decision to buy or sell land smooth and comfortable, plus find value in land others might not see. Zed doesn't see his job as work, but more as his true passion for God's creation and the opportunity to call it his "office."

Zed is extremely active in his community, supporting various activities throughout the area. Zed has over ten years of experience bringing buyers and sellers together with many as returning clientele. Have a talk with him, and put his experience and knowledge to use to help you buy or sell your farm, ranch, or hunting land.
