

MIDWEST LAND GROUP PRESENTS

172 ACRES IN

KAY COUNTY OKLAHOMA

MidwestLandGroup.com

MIDWEST LAND GROUP IS HONORED TO PRESENT

SALT FORK ARKANSAS RIVER FRONTAGE - FARM, HUNT, INVEST

Welcome to a large and hard-to-find combination tract that features approximately 103 +/- acres of tillable soils and nearly 1 mile of Salt Fork River frontage. This multi-use tract can cater to the outdoor enthusiast, offering the opportunity to hunt whitetail deer, turkeys, waterfowl, upland game, and doves. It also appeals to farmers looking to expand their operations or investors seeking to diversify their portfolio with a land investment that yields a return.

Located just south of Tonkawa off Interstate 35 in Kay County, Oklahoma, lie these 172 +/- acres, which have what most people are looking for: live water, tillable income, and a place to hunt multiple species. This is in the heart of the central flyway and a hot spot for migrating birds with the ability to field hunt or river hunt come December through mid-February. A quick access off I-35 gets you to this property in no time, with less than a 1-mile drive once you exit. South 60th Street comes to a dead end as you are heading north onto this property, giving a secluded feel.

As you start making your way through the property, you

will be overlooking the Salt Fork Arkansas River. This allows for different areas to be accessed for multiple recreational uses. The northern end of the property features 70 +/- acres of cover comprised of thick grasses, cottonwood trees, and more that will hold wildlife year-round. There are plenty of areas to chase northern Oklahoma whitetails cruising up and down the river come November, and you can catch them in large numbers hitting the feed fields in late winter.

There are over 62% of Class 1 soils that have an average NCCPI rating of 68, which well exceeds the county average of 48, and have been farmed by the same family since the 70s. They would continue farming it for cash rent or crop share if the new owner so desired. The farmer has primarily grown wheat, soybeans, and milo and has typically double-cropped every 4 out of 5 years.

This is a rare gem that is sure to impress once you get your boots on the ground. Call listing agent Paul Smith for more information at (918) 397-2737. This property will be shown by appointment only.

PROPERTY FEATURES

PRICE: **\$567,600** | COUNTY: **KAY** | STATE: **OKLAHOMA** | ACRES: **172**

OVERVIEW MAP

AGENT CONTACT

Buying or selling real estate can be stressful and overwhelming and Paul is the kind of agent that loves to help people with their real estate needs. One of the reasons Paul came into this market is because he loves meeting new people and building lifelong relationships. Paul was born and raised in Oklahoma and a graduate of Oklahoma State University. He and his wife moved their family to live in Kansas for several yrs giving him an opportunity to know both markets and areas well.

With a lifelong obsession for the outdoors, hunting, and improving the land, Paul found his calling at Midwest Land Group, where he's able to fulfill his dream of working outdoors. He enjoys sharing a passion and talking with people about all facets of land – whether hunting, habitat improvement or investing – all while being able to create value for both his buyer and seller clients. When you work with Paul, rest assured he'll do everything he can to provide great customer service to reach the end goal of his clients.

Paul and his family reside in Oklahoma now and when he's not working, you can find Paul enjoying life and the outdoors year-round with his family. Paul is very active in his community helping coach youth sports and serving at his local Church. Paul lives with his wife Whitney and, together, they have three children, Ryker, Tymber, and PC. Give Paul a call today and let him help serve you in your real estate needs!
