MIDWEST LAND GROUP IS HONORED TO PRESENT

203 +/- ACRE CATTLE/HAY FARM WITH GREAT ACCESS

Located conveniently just north of Booneville, Arkansas, with frontage on Highway 23 and Highway 41, this 203 +/- acre farm would be a great fit for many operations. The farm is nearly all productive pasture, with strips of trees and old-growth timber dotting the landscape. The land is fenced, with cross fencing in places. Although it is currently being used for hay production across all of its acres, this would make a great cattle farm as well, with ponds for water and great shade. The topography on this property is very mild, making it great for farming and hay production, but also a prime location for poultry houses.

There is an older fixer-upper home on the property, as well as an antique log cabin that will be a great conversation piece for years to come. Power, water, and natural gas are all available along the property's road frontage, helping to add to the many great build sites that this land offers. The land has frontage along Highway 41, Highway 23, and Nubbin Ridge Road as well. All of this is located just 10 minutes from Booneville, 10 minutes from Charleston, and 20 minutes from Paris. Pasture land farms of this size are challenging to come by, call to schedule your tour today before it's gone.

Jake Fowler has a love for agriculture. Between his formal education and lifetime of experience with cattle, horses, and poultry, he has a deep understanding of farming operations and how to maximize the efficiency of land. Born in Russellville, Arkansas, Jake went to Western Yell County High School in Havana, Arkansas, and Connors State College in Warner, Oklahoma, where he graduated cum laude. Before coming to Midwest Land Group, Jake pursued a career in logistics and land management.

Since joining Midwest Land Group, Jake has worked across western Arkansas and the Arkansas River Valley assisting clients with buying and selling cattle farms, estates, homes on acreage, hunting properties, timberland, and more.
