MIDWEST LAND GROUP IS HONORED TO PRESENT

IDEAL BUILD SITE WITH PRIVACY AND ENDLESS VIEWS

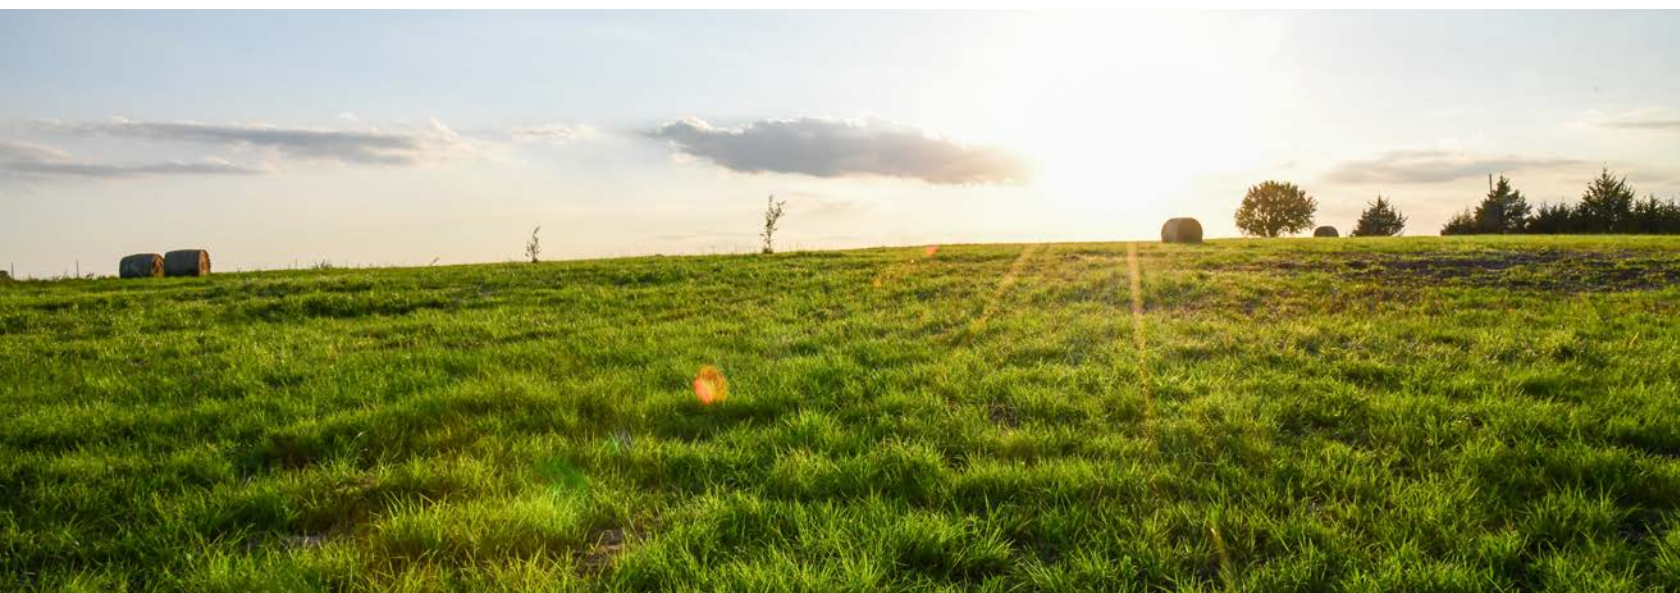

Located in the heart of the Flint Hills of Kansas sits this prime 22 +/- acre build site that holds all the never-ending views and ideal county life seclusion. With just a 1 ½ drive off of pavement, the accommodations to and on the tract are ideal.

Pulling down Road 280, take note of the road closed signs that continue east, which restricts traffic on the road to the landowners and farmers, creating a prime feel of seclusion. Pulling onto the property, there is cross-fencing that creates a livestock grazing area. Head on back and take advantage of the beautiful 360-degree views that flow over the gently rolling hillsides. The 22 +/- acres are all native grasses that primarily consist of Big Bluestem, Little Bluestem, Switch Grass, and Indian Grass that has been well maintained and is as clean as they come. The east property line holds a wonderful hardwood stand along

the fence line. There are 2 entrances on the tract, with the primary driveway entrance on the northwest side.

The utilities on the property run along Road 280 frontage with prime access to hook up. Lyon County Rural Water District #1 and Four Rivers Electric are the current utility providers for water and electricity. Currently, the cost for a water meter is \$3,000.00 plus installation. A septic or lagoon system would be approved through Lyon County. A staked survey has just been performed on the property and will be recorded with Lyon County.

With all the ideal dynamics on a manageable tract size that holds all the wants and needs, along with a fantastic location just off pavement, what more could one ask for! This prime build site is one to tour in person and most certainly will not last long!
