# GREAT HUNTING WITH AMAZING VIEWS 35 MINUTES FROM TULSA

---

Midwest Land Group is proud to present 419 +/- acres in southern Osage County!

Located at the junction of SH-99 and New Prue Road, this incredible tract offers a rare combination of terrain, water, and opportunity. The land features substantial elevation changes with multiple drainages and wet-weather creeks that create natural funnels and prime whitetail habitat. Mature oaks blanket the property, while open areas in the bottoms provide excellent locations for food plots. A well-maintained road system runs throughout, allowing easy travel from one side to the other.

The property also includes four year-round stocked

ponds that provide both fishing opportunities for largemouth bass and reliable water sources for livestock.

On its southern boundary, the land adjoins the Keystone Wildlife Management Area along the Arkansas River, adding access to more than 12,000 additional acres of outdoor recreation. Despite its seclusion, the property is conveniently located less than five minutes from Cleveland and only 35 minutes from Tulsa, ensuring a quick drive to all necessary amenities.
