AGENT CONTACT

George Cole understands land from every angle — as a hunter, a manager, an owner, and a former business operator who's improved thousands of acres for wildlife and investment. Based in Kirksville, Missouri, he brings a hands-on approach shaped by years of designing food plots, restoring native habitat, managing timber, and building out recreational properties for clients and himself alike.

A former NCAA Division I ski racer, police officer, and small business owner, George thrives on challenge and connection. As a prior owner of a rural property improvement company, he managed more than 20 farms across 4,200 acres, gaining deep experience in property planning, conservation practices, and revenue programs. Today, he puts that knowledge to work helping buyers find the full potential in a piece of ground — and helping sellers showcase it.

Whether it's identifying invasive species, navigating farm contracts, or simply finding the place that feels like home, George brings a practical, trustworthy perspective built on a lifetime of boots in the dirt.
