MIDWEST LAND GROUP IS HONORED TO PRESENT

# PRISTINE CRP AND HAY FARM ALONG KEENEY CREEK

Introducing this pristine 73-acre farm containing a balance of CRP, grassland, and cropland that lies along Keeney Creek in Orrick, Missouri! Truly a gorgeous property, this property also contains a Quonset building and a 3-sided equipment shed at the entrance of the property. Pulling into the property and past the building, the property opens up to the gently rolling CRP land and creek bottom crop fields, with the gently rolling hay ground tucked well off the road on the northern boundary. Almost the entire farm is not visible from the road, it is loaded in wildlife sign and would make a beautiful build site situated up on a hillside overlooking the creek bottom.

The farm consists of 25.11 acres of CRP, 27.94 acres of grassland currently used for hay, 4.5 acres of cropland, and the remaining 15.5 +/- acres in timber and water inside Keeney Creek. The CRP contract is conservation practice No. 1 at the rate of \$212.66 per acre, paying \$5,340 annually and expiring in September of 2031. The 4.5 acres of cropland are planted in beans in 2025 and contain 100% class II Nodaway Silt Loam soils with an NCCPI of 80. The grassland is extremely well-maintained, controlling obnoxious weeds, and has been used as hay ground. This grassland would be eligible for cropland for additional income or a prime build site tucked well off the road. Keeney Creek laces the entire west boundary,

and the survey for the farm is to the center of the creek, giving the owner access to the creek.

This farm is one of those you have to see to appreciate how gorgeous it truly is. It is secluded, being located at the end of a dead-end road and surrounded by farmland. Other notable features include the 40'x80' Quonset building with a concrete floor throughout and a full-size door opening the full 40-foot width. The Quonset style building is fully steel, resistant to fire, controls pests, and is extremely durable in storms and high winds. There is also a 40'x80' 3-sided pole barn equipment shed that sits near 16 feet tall to store large agricultural equipment, also an ideal size for a camper or RV.

Location of this property is ideally located just east of Kansas City and less than a ¼ mile north of Hwy 210, making it quick and convenient access into the city for work or errands. Located in the highly rated Orrick School district, with electric, water, and fiber available at the road. The balance of CRP, cropland, and hayground makes for a great recreational property as well as options for a hobby farm or investment opportunity, on top of the buildings and utilities providing potential for a future build site. Please call Will Wiest for additional information and to schedule a tour of this 73-acre farm!

# PROPERTY FEATURES

COUNTY: **RAY** | STATE: **MISSOURI** | ACRES: **73**

---

- 73 acres in Ray County, Missouri

## BROKER CONTACT

Joining in 2014, Will Wiest is one of our original agents in North Missouri and Southern Iowa. Since joining Midwest Land Group, Will has been a top producer each year, serving his clients through the entire process of selling and investing in real estate. Will has an entrepreneurial spirit, thinks big, and accepts any challenge with a smile. Will truly believes land is one of the best investments a person can make and has seen the continued appreciation and income his clients continue to make since he began selling farms in 2014. Will has a tenacious work ethic, with a focus on agriculture farms, investment real estate, and recreational properties. Will is surrounded by an incredible team, mentors, friends, and family who push him to grow professionally and personally. One of his greatest mentors is his father - a minister, a psychology professor, and a cattleman at their family farm in Missouri.

Will received a Bachelors's and Masters's degree from the University of Central Missouri in Warrensburg. Will strives to continually learn through professional networking events and training. Will has experience serving as a bank board member at a local bank, serving as President of local wildlife association chapters, and is a member of the Realtor Land Institute, Kansas City Real Estate Association, Iowa Association of Realtors, CoStar, Farm and Ranch MLS, Heartland MLS, West Central, and Southeast Iowa MLS.

Will's drive stems from supporting his wife Megan, and three sons, Preston, Luke, and Brooks. Will spends time working on the business or creating memories with his family and with his boys traveling, practicing sports, enjoying the outdoors, hunting, and exploring their land just outside of town. Will coaches his son's basketball and soccer team and supports their local education foundation. Will loves to hike and big game hunt in the mountains out west. Let Will's versatile experience and proven track record go to work for you to accomplish your real estate goals.
