MIDWEST LAND GROUP IS HONORED TO PRESENT

# MULTI-USE LAND WITH GREAT RECREATIONAL OPPORTUNITIES

Located just outside of Beagle, Kansas, this 48 +/- property sits on blacktop road frontage. The property includes great soils for CRP, tillable, along with an excellent area for recreational activities.

The property is made up mostly of Class 2 and 3 soils, making this an excellent opportunity for converting the grass back to tillable ground, making an orchard, or a serious food plot to pull in those big Kansas whitetails. The property currently has 13 +/- acres of existing CRP contract paying \$1,518 annually. The CRP is buffer strips along the timber, with the middle of them being open to do with what you would like.

This area is known for big whitetail deer. There is excellent bedding with the grasses and timber throughout the property. This property also sets up well to have a great camping area to get away from the city with an off-grid cabin.
