Born and raised in Seneca, Kansas, Philip Lierz grew up watching the land shape lives. From working on local farms in high school to chasing whitetail and coyotes in the same fields that helped him earn a living, Phil's connection to the land runs deep and personal.

With a Bachelors Degree in Diesel & Heavy Equipment from Pittsburg State University and a career spent around trucks and machinery, he brings a problem-solver's mindset and straight-talk approach to every deal. He understands what makes land work — whether it's CRP, timber, food plots, or farm ground—and knows how to match it to a buyer's goals. For Philip, land is a whole lot more than an investment. It's a way of life, and a means to provide for your family, your future, and your legacy.

He proudly serves Northeast Kansas and Southeast Nebraska, combining his outdoor experience, work ethic, and clear communication to help clients make confident decisions. Grounded by faith, family, and a lifelong respect for the land, Phil brings a neighbor's perspective to every handshake.

When he's not working, you can find Phil hunting, watching sports, and spending quality time with his wife Morgan, and their two children. He also enjoys volunteering his time with his local Knights of Columbus Council and being a volunteer firefighter with the local Seneca Fire Department.
