MIDWEST LAND GROUP IS HONORED TO PRESENT

# GORGEOUS MIXED USE PROPERTY - PERFECT FOR LIVESTOCK AND HUNTING

---

Escape to wide open spaces with this stunning 47 +/- acre ranch in Cunningham, Texas, perfectly balanced between functionality and natural beauty. Currently operated as a working cattle ranch, this property offers approximately 60% manicured pasture and 40% wooded acreage, creating the ideal mix for ranching, recreation, and hunting.

The wooded portion features established shooting lanes, food plots, and a scenic pond, attracting abundant wildlife - especially trophy-worthy deer and wild hogs. A hand-built blind is well placed in the center of the property, allowing for great opportunities to spot deer moving across the property. The land is fully fenced and cross-fenced with a combination of T-posts, barbed wire, and cattle panels, providing security and flexibility for livestock management.

Entering through the front gate, you're greeted by an approximately half-acre cattle sorting area constructed with durable steel pipe fencing and divided into multiple pens. A 20'x20' metal cattle shelter, built with

red iron I-beams, stands ready for livestock protection and long-term use.

The western boundary meets Brushy Creek, a natural corridor that enhances wildlife movement and adds to the property's serene character. In total, there are four ponds spread throughout the acreage, ensuring ample water access for both livestock and game.

Centrally located between Paris and Mount Pleasant, this property offers easy access to amenities while maintaining the peaceful seclusion of country life. It's also just 30 minutes to Lake Cypress Springs and 12 minutes to Bogata, giving you quick access to recreation, shopping, and dining.

Whether you're looking to continue its use as a productive cattle operation, build your dream ranch home, or enjoy it as a private hunting retreat, this versatile property provides endless potential. Don't miss your chance to own a piece of Texas countryside that truly has it all.

# OVERVIEW MAP

---

## AGENT CONTACT

Connor Wallace lives the kind of life he now helps others find — raising livestock, growing food, and building out a homestead on his dream property in East Texas. A U.S. Army veteran, former police officer, and skilled renovator, he knows how to turn raw land into something that works, lasts, and means something.

His connection to land began early, growing up on a small family ranch that bred American Paint Quarter Horses, a childhood that meant countless hours spent at the racetrack and at rodeos. That foundation deepened years later when he had the opportunity to live in Fairbanks, Alaska for three years. There, he fully embraced his love of raw land, immersing himself in fishing, hunting, hiking, rock climbing, snowboarding, and exploring some of the most rugged landscapes in the country. His passion for land and the outdoors is also something he shares with his wife, an Agricultural Business major — a bond rooted in their shared love of nature, agriculture, and animals.

Connor brings a rare blend of real estate experience, rural knowledge, and unshakable integrity to every client he serves. With a background in home renovation and property development, he also brings a trained eye for value and potential.

Rooted in faith and driven by service, Connor still lives by the Army values of loyalty, duty, and selfless service — and clients know they can count on him to work hard, communicate clearly, and put their goals first.
