MIDWEST LAND GROUP IS HONORED TO PRESENT

HUNTING RANCH WITH 12-ACRE LAKE

This 600 +/- acre offering is one of the finest hunting ranches you will find in western Oklahoma. From trophy whitetail, waterfowl, turkey, and upland birds, this ranch offers them all at a high degree. The moment you drive through the gates, you realize this place is different than most as you are welcomed by a beautiful 12-acre lake with a build site already prepared overlooking the water. As you continue to travel further into the ranch, you're greeted with one of the finest road systems a property can offer. The numerous roads meander through the picturesque landscape of rolling hills, deep timber

draws, and native grass pastures, and it's quite common to come across numerous deer, flocks of turkey, and coveys of quail. This ranch has been exceptionally well-maintained for wildlife with an established 38-acre food plot, numerous feeder sites, and an abundance of water. The natural layout of the land, coupled with the various types of cover and natural resources, allows for high-quality hunting opportunities for almost all species that are native to Oklahoma.
