MIDWEST LAND GROUP IS HONORED TO PRESENT

# BEAUTIFUL TIMBER TRACT WITH MULTIPLE BUILD SITES IN WINSLOW, ARKANSAS

---

If you've been looking for that perfect mix of privacy, timber, and build potential in the Ozarks, this 17.5 +/- acre gem deserves a serious look. The Crawford 17.5 is loaded with beautiful, marketable timber — mature white oak and red oak are scattered across the property, and power runs along Price Road (supplied by OG&E), making future improvements that much easier.

For hunters, this place checks a lot of boxes. The mast crop provides a natural food source, and deer signs are everywhere: rubs, trails, bedding areas, and terrain features that naturally funnel deer movement. It sets up well for a couple of stands or blinds without requiring much thought.

One of the things that immediately stands out here is the topography. It's the kind of ground where you can realistically pick from multiple build sites, whether you're dreaming of a forever home or just a getaway in the woods. You have good access off Price Road and surprisingly good cell service for a property this

secluded. If your job requires you to stay connected, you won't be out of luck here.

Location-wise, it's hard to beat. You're less than 15 minutes from downtown Winslow and just a stone's throw from Lake Fort Smith, the Ozark National Forest, Devil's Den State Park, and a long list of recreational options. Fayetteville is under 45 minutes, and Fort Smith is under an hour, which means shopping, restaurants, and everyday amenities are still right at your fingertips.

This pocket of northwest Arkansas continues to experience rapid growth, and quality acreage like this, especially with good timber and build potential, is getting harder to find. If you've been looking for a spot with privacy that still makes sense for the long haul, come take a look at this one.

Give Land Agent Chris Shadrick a call at (479) 530-2470, and let's go check it out.
