MIDWEST LAND GROUP IS HONORED TO PRESENT

# A LIFETIME OF PRECISION CREATED A DIAMOND IN THE ROUGH

When years of precise planning were coupled with breathtaking views of rolling landscapes, it created a marriage of the perfect property. Welcome to a truly unique hidden gem in Bogalusa, LA. Driving down the blacktop driveway, you pass a beautiful pasture-lined pond to a gorgeous farmhouse that was meticulously thought out in every aspect. This spacious 5 bedroom, 4-1/2 bath layout also offers a large loft overlooking picturesque back forty views. This place has it all... Large screened-in pool area, basement, storm shelter, several outbuildings, thermal greenhouse, large metal airplane hangar, and a non-FAA-approved landing strip are just the tip of the iceberg.

Once home to a thriving cattle operation, these beautiful pastures are now home to a current hay operation. Many family excursions started with taking off from the private non-FAA runway located on the property. The owner has spent a lifetime making this home efficient and self-sustaining. With almost 100 years of family history, if this property could tell its story it would be sure to captivate all audiences. The property offers so much more, it truly makes it a must-see to appreciate diamond in the rough.
