The main level of the home has a large living room with a vaulted ceiling and fireplace, and windows with views of the mountains. The spaciously designed floorplan has two bedrooms and two full baths on the main level of the home, accompanied by a large laundry room just off of the two-car carport. Upstairs, two suite-style bedrooms are connected by a loft overlooking the living room. The full basement

AGENT CONTACT

Jake Fowler has a love for agriculture. Between his formal education and lifetime of experience with cattle, horses, and poultry, he has a deep understanding of farming operations and how to maximize the efficiency of land. He knows the animals that can be raised in different areas, that soil and grass quality can make all the difference, and that location is integral to a farm's success. Jake has traveled all over western Arkansas and the River Valley area, gaining knowledge and contacts in the cattle, hay, horse, poultry, and timber industries. Born in Russellville, Arkansas, Jake went to Western Yell County High School in Havana, Arkansas, and Connors State College in Warner, Oklahoma, where he graduated cum laude. Before coming to Midwest Land Group, Jake pursued a career in logistics and land management.

Since joining Midwest Land Group, Jake has worked across western Arkansas and the Arkansas River Valley assisting clients with buying and selling cattle farms, estates, homes on acreage, hunting properties, timberland, and more. When he isn't busy helping clients, you can find Jake busy on the farm taking care of his land and cattle, deer hunting, turkey hunting, fishing, or team roping. Jake, his wife Lexie, and their son Wylie reside on their farm in Danville, Arkansas. Give Jake a call today to put his experience to work for you.
