AGENT CONTACT

Born and raised in Nixa, Missouri, Dustie Cook has spent his entire life surrounded by the outdoors. Growing up on a small cattle farm, he learned early the value of hard work, responsibility, and caring for the land. From baling hay to working livestock, those experiences shaped his respect for rural life and laid the foundation for his career with Midwest Land Group.

An avid outdoorsman, Dustie has spent decades hunting, fishing, camping, and hiking with his family. He brings that same passion to helping clients evaluate land not only for its agricultural value, but also for its recreational potential. His firsthand knowledge of how wildlife moves through a property, where water access matters most, and what makes ground truly functional gives his clients an edge when buying or selling.

Before pursuing land sales, he built a successful trucking business and worked in industries tied closely to land use, gaining skills in communication, problem-solving, and business management. Clients who work with Dustie benefit from his integrity, strong work ethic, and genuine passion for helping people achieve their goals. He lives in Nixa with his wife, Tiffany, and remains active in his community, mentoring youth and sharing his love for the outdoors.
