# OVERVIEW MAP

# AGENT CONTACT

Land agent Jordan Babb has a deep understanding and strong passion for all aspects of the land. More than anything, he loves sharing that passion with others. Born and raised in Kearney, Missouri, Jordan has been an avid hunter since a young age. Having actively managed seven family farms, he understands the importance of land management and maintenance, as well as habitats for wildlife. Ultimately, his goal is to make his clients' plan a reality while serving as a constant resource to his fellow outdoorsmen.

Jordan graduated from Kearney High School and attended Maple Woods Community College, where he studied Business Management. He began his professional career in sales for the commercial tire industry and continued into management and business development. At Midwest Land Group, he's able to combine his professional background with his love for land management and farming. His deep understanding of agriculture, experience in ranching and row crops, and specialization in implementing food plots enable him to connect and educate both buyers and sellers over the opportunities each piece of land holds.

A member of the Red Angus Association of America and I-35 Cattlemen's Association, Jordan is passionate about being a steward of the land and runs a herd of registered Red Angus cattle. He lives for hunting season and enjoys hunting mature whitetails. In his free time, he also enjoys team roping, golfing, grilling out, and spending time with his fiancé, Alison. If you're thinking about buying or selling land in Northwest Missouri, give Jordan a call.
