MIDWEST LAND GROUP IS HONORED TO PRESENT

LUXURY ESTATE ALONG MIDDLE CREEK

This spectacular, one-of-a-kind country estate offers an exceptional combination of privacy, recreation, income-producing acreage, and event-venue potential, all less than an hour from the heart of Kansas City. Situated on approximately 90 +/- acres at the end of a dead-end road, the property sits just a quarter-mile off blacktop and is accessed through a gated entrance, creating a secluded setting that is increasingly difficult to find this close to the metro.

The custom home is positioned above the surrounding agricultural fields, taking full advantage of the peaceful setting and scenic views. Inside, soaring vaulted ceilings and abundant natural light create an open and inviting atmosphere. The kitchen features hardwood floors, a center island, a wood-burning stove, and access to a screened-in porch—perfect for enjoying quiet mornings or evenings overlooking the property.

One of the home's most memorable features is the stunning library with a fireplace, where a hidden bookcase entrance opens into the private primary suite. The suite includes a steam shower, soaking tub, and two walk-in closets, giving the space a truly distinctive feel.

The finished basement provides plenty of additional living and entertaining space with a large recreation room, wood-burning stove, two bedrooms, and a full bathroom.

Outdoor living is equally impressive. A beautiful 24' x 24' summer house and expansive deck overlook a controlled ecosystem swimming pond, complete with a pump and filtration system. The setting provides a unique private retreat for swimming, entertaining, or simply enjoying the surrounding landscape.

With its custom residence, gated dead-end location, productive farmland, Middle Creek frontage, exceptional wildlife habitat, natural swimming pond, extensive garage and shop space, and restored event barn, this property represents an incredibly rare opportunity.

Whether envisioned as a secluded family estate, recreational getaway, working farm, event venue—or a combination of all four—this property offers a level of versatility that is difficult to duplicate, especially less than one hour from downtown Kansas City.

Vehicle, equipment, and workshop space is abundant, with a four-car garage with a shop area, along with an additional three-car garage and workshop. Approximately 15 acres surrounding the residence are fenced.

Beyond the homesite, the land offers an outstanding blend of agricultural and recreational value. Approximately 37 acres consist of fertile, productive bottomland, while Middle Creek borders approximately two-and-a-half sides of the property. The combination of creek corridors, timber, agricultural fields, water, and limited hunting pressure over the past decade has created phenomenal wildlife habitat. The property offers excellent potential for quality whitetail deer, wild turkey, and even seasonal waterfowl hunting.

Adding another dimension to the property is a beautifully restored barn designed with entertaining and event use in mind. The barn offers tremendous potential for a wedding venue, corporate retreat, private event space, or other hospitality-related business venture. Features include a caterer's kitchen, two bathrooms, and a 17' x 32' gathering room with heated floors and a fireplace. A loft provides space for a band or entertainment, while doors open onto an outdoor patio where live music and guests can flow seamlessly between indoor and outdoor spaces.

The impressive 39' x 17' commercial-style kitchen is equipped with a three-bay sink, prep tables, and a gas stove, making the venue well suited for catered events and large gatherings.

AGENT CONTACT

A seventh generation native to the Southeast Kansas and Northeast Oklahoma region, Zed's roots are strong and deep. Growing up in KS/OK has led him to develop a love for hunting, the outdoors and all that it offers; it has also given Zed a perspective that cannot be taught in schools. Blessed with a wife and four wonderful children, Zed is keeping the tradition of raising his family here. Zed can relate to local landowners and understands the sentimental value land can hold. He can help make the decision to buy or sell land smooth and comfortable, plus find value in land others might not see. Zed doesn't see his job as work, but more as his true passion for God's creation and the opportunity to call it his "office."

Zed is extremely active in his community, supporting various activities throughout the area. Zed has over ten years of experience bringing buyers and sellers together with many as returning clientele. Have a talk with him, and put his experience and knowledge to use to help you buy or sell your farm, ranch, or hunting land.
